

# CALLING ALL LIBRARIANS!

JANUARY 15, 2019

8:30 AM - 11:30 AM  
MCIU

2 W. LAFAYETTE ST, NORRISTOWN

## AASL NATIONAL SCHOOL LIBRARY STANDARDS WORKSHOP

It's time for you to implement the new AASL National School Library Standards into your school library program, and you need a game plan. This three-hour workshop is an introduction to the new Standards framework which reflects professional best practices for effective school libraries. In the workshop, you will engage with the Framework for Learners and a School Library Evaluation Checklist with your colleagues, setting priorities for yourself, your student learners and staff, and your program.

The workshop was created with funding from the Library Services and Technology Act from Commonwealth Libraries, PA Department of Education, and is a collaboration of PSLA and the University of Pittsburgh.

The workshop will be presented by Deb Kachel, PSLA Legislative Liaison.

12:30 PM - 3:30 PM

CORBETT EXPERIENCE CENTER  
56 BUTTONWOOD ST, NORRISTOWN

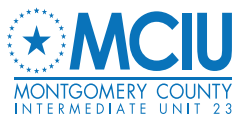

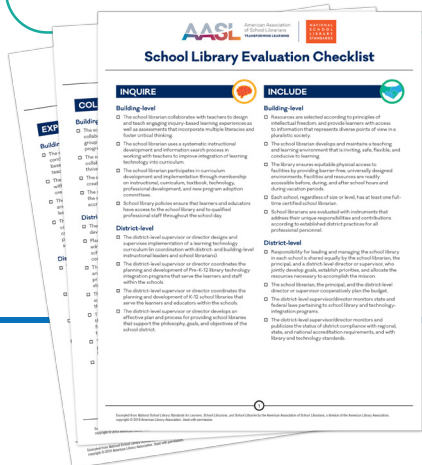

## REDESIGNING SPACES AND PRACTICES: A LIBRARIAN MEETUP AND NETWORKING EVENT

Interested in connecting with other K-12 librarians across the county? Join us for collaborative conversations about library redesign -- not only in terms of a library's physical space, but also in terms of advocacy ideas as the role of a librarian continues to evolve with the new AASL Standards. Whether you have questions or suggestions, please be prepared to engage in the conversation. Please note that this meeting will be held at the Corbett Experience Center so that you can see firsthand unique design options for your space.

**COST: NO COST FOR ATTENDEES**
