

Use PVAAS to Focus Your Work in Supporting Teachers

(Fall face-to-face session at IU sites)

Act 48 Submission — 3.5 Act 48 Hours

Date: Tuesday, September 26, 2017

Time: 8:30 AM - 12:30 PM

Location: Montgomery County IU, 2 West Lafayette Street, Norristown PA 19401

Presenters:

Jennifer Ross, PVAAS Statewide Core Team for PDE

Joan Perekupka, PVAAS Statewide Core Team for PDE

Session Description: Today's school leaders are balancing the needs of instructional leadership with school management. Does your "balance" focus on improving academic results for students? Do you have a laser-like focus when working with department/grade-level teams and individual teachers to enhance their professional growth? Does this laser-like focus have a goal of providing leadership on the most effective instructional practices teachers can use with their students?

Key PVAAS reports can help you with this important work! This session will highlight the key PVAAS reports to show how you can truly differentiate your supervision and support based on the data of your school. The morning session will highlight various scenarios that demonstrate the use of the School Launchpad and Teacher Summary report to determine if support is needed at the system level, grade/subject level, and/or at the individual teacher level. Once you learn how to analyze these reports, you will be ready to analyze your own data after the release of the fall data.

(Note: Time has been set aside in the afternoon for an optional work session for participants. Bring a snack/lunch so you and/or your team can continue the conversation in the afternoon and plan for the fall data release. Facilitators from the PVAAS Statewide Team for PDE and IU Consultants will be available to answer questions and help make connections for you and your team.)

Who May Benefit From Attending: School Leaders (Principals, Assistant Principals), District Leaders (Superintendents, Assistant Superintendents, Directors of Curriculum and Instruction, Directors of Special Education), and Act 93 members who supervise teachers.

Agenda:

| | |
|---------------------|--|
| 8:00 AM | Registration Begins |
| 8:30 AM - 8:40 AM | Introduction & Focus for the Day |
