## TEXT DEPENDENT ANALYSIS

PROFESSIONAL LEARNING

### TACKLING TEXT AND EVIDENCE-BASED WRITING, THE CORNERSTONE OF COLLEGE AND CAREER READINESS

This workshop will feature best practices related to text-dependent analysis including reading strategies that will help students closely read and engage with complex text and writing techniques that will lead to clarity in student responses. An emphasis will be placed on analysis and how to scaffold instruction in order to take students from a literal meaning of text to an analytical one. The role of questioning and the role of oral language will also be explored.

Audience: 3-8 Classroom and Special Education Teachers, Literacy Leaders and Principals
