

The Montgomery County Intermediate Unit plans and supports county-wide programs and events to enhance student experiences outside of the classroom and to encourage excellence. MCIU is host to several regional events and competitions that move students forward to state and national recognition. All events are open to public and non-public school students.

## 24 MATH TOURNAMENT | GRADES 4-8

Mathletes from Montgomery County participate in a competition that promotes pattern sensing, problem-solving, and mental math.

June 5, 2019 (Grades 4-5)  
June 6, 2019 (Grades 6-8)

## ACADEMIC COMPETITION | GRADES 9-12

This is a county wide competition where schools compete in a "college-bowl" format and students answer challenging questions from a variety of categories.

March 5, 2019  
March 21, 2019 (Snow Date)

## COMPUTER FAIR | GRADES 6-12
