

THE WHAT, WHY, AND HOW OF COMPUTATIONAL THINKING

Do you ever wonder how to get your students to become innovators who are responsible for finding solutions to everyday problems? Or, how to allow your students to be creative and reflective in their thinking? If you answered yes to either of these questions, come join us to learn how to design learning experiences for students that provide them with opportunities to acquire content-area skills while they learn to communicate, collaborate, design, model and prototype.

DATES:
JANUARY 15 & FEBRUARY 6, 2019

TIME:
9:00 AM - 3:00 PM
