

Introducing the New Discovery Education Streaming Plus

Discovery Education Streaming Plus just got better! It still includes all the instructional resources you love in Discovery Education Streaming Plus, plus a custom-built solution for educators as they transition to 21st century classrooms.

*Final product subject to change

The new Discovery Education Streaming Plus offers an integrated, digital solution that provides 21st century tools to support the fundamental components of educational practice – curriculum, instruction, and assessment.

With digital content, model lessons, and assessments designed to address specific Mathematics and English Language Arts standards, Discovery Education Streaming Plus provides actionable, practical applications that help educators meet the demands of the Common Core State Standards (CCSS), while simultaneously building student motivation to learn.

A Sample Progression Through One CCSS Standard

CCSS.ELA-Literacy.RL.7.1

Curriculum (Engage)

Help students develop the critical skills necessary for effective implementation of the CCSS.

- » Digital content handpicked by curriculum experts supports the rigor of the CCSS, while engaging students and inspiring them to achieve.

Instruction (Model Lesson)

Support educators as they shift instructional practice to meet the demands of the CCSS.

- » Model lessons provide examples of how to leverage complex text and mathematical practices in the classroom, and demonstrate rigorous instructional practices designed to meet the expectations of 21st century skills.

Assessment (Assess)

Provide a range of formative assessment items designed to measure student performance and inform instructional decisions.

- » Standards based performance tasks and selected response items measure the higher-order thinking skills and increased depth of knowledge supported by CCSS.
- » Blended system of computer and hand scoring support timely feedback and guide classroom instruction.
