

# STEM, STORIES, AND STRATEGIES

## Librarian Networking Event and Meetup

MAY  
7  
2019

### Interested in connecting with other K-12 librarians across the county?

Learn from your fellow librarians as they showcase strategies they use in their libraries to engage students in STEM and stories. Engage in collaborative conversations around topics that pertain to your school's library! Additionally, Amy Huss from Follett will be providing an update regarding what's new with Titlewave, Destiny, Collections, Book Fairs, and more.

This event will take place at the Corbett Experience Center, and lunch will be provided by Follett. Please email [ahmoyer@mciu.org](mailto:ahmoyer@mciu.org) with any dietary restrictions.
